As the process followed differed in no respect from that detailed at length in the case of y Virginis, I shall here only set down the results. The periodic time and perihelion passage were in this example, as in the former, ascertained by actual weighing in a balance the elliptic areas corresponding, and the assemblage of results is as follows: 51. Before we compare this orbit with observation, it will be necessary to have before us the complete series of my Father s micrometrical measurements of the angle of position, which, as I have observed, are only partially recorded in his paper On the changes which have happened in the relative On reference to his MSS.
