Brand New Book ***** Print on Demand *****.Excerpt from Correlation of Studies: Report of Sub-Committee of the Committee of Fifteen The undersigned Committee agrees upon the following report, each member reserving for himself the expression of his individual divergence from the opinion of the majority, by a statement appended to his signature, enumerating the points to which exception is taken and the grounds for them. I. Correlation of Studies. Your Committee understands by correlation of studies: 1. Logical order of topics and branches. First, the arrangement of topics in proper sequence in the course of study, in such a manner that each branch develops in an order suited to the natural and easy progress of the child, and so that each step is taken at the proper time to help his advance to the next step in the same branch, or to the next steps in other related branches of the course of study. The authors of this report uses the word Correlation in its generally accepted sense of reciprocal relations. The things here related are the studies in the school, and life in...

Reviews

I just began reading this pdf. It is actually written in straightforward words instead of hard to understand. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Great electronic book and valuable one. It really is simplistic but surprises within the fifty percent from the book. It has been printed in an extremely simple way in fact it is merely right after I finished reading this publication by which in fact modified me, change the way I really believe.
