S. PREVENTIVE SERVICES TASK FORCE: EVIDENCE SYNTHESIS NUMBER 78 ebook.

Createspace. Paperback. Book Condition: New. This item is printed on demand. Paperback. 42 pages. Dimensions: 11.0in. x 8.5in. x 0.1in. Bladder cancer is the fourth most commonly diagnosed cancer in men and the ninth most commonly diagnosed cancer in women in the United States. Screening could identify bladder cancer at earlier stages, when it may be more easily and effectively treated. The U. S. Preventive Services Task Force (USPSTF) last reviewed the evidence on bladder cancer screening in 2004. The USPSTF commissioned an update of the evidence review in 2009 in order to update its recommendation on screening. Bladder cancer remains an important public health problem, with no improvements in incidence or associated mortality since 1975. There is important uncertainty regarding bladder cancer screening, particularly in higher-risk patients. In addition, since the last USPSTF review, research on urinary biomarkers for diagnosis of bladder cancer has accumulated substantially. The purpose of this report is to systematically evaluate the current evidence on screening for bladder cancer. In the United States, over 90 percent of bladder cancers are transitional cell carcinomas, 5 percent are squamous cell carcinomas, and less than 2 percent are adenocarcinomas. Bladder cancer is typically staged according to the American Joint Committee on Cancer Tumor Node Metastases (TNM) criteria, in which the tumor stage (T) is based on the extent of penetration or invasion into the bladder wall and adjacent structures. Superficial bladder cancers, or those that have not invaded the bladder smooth muscle, include stages Ta (noninvasive papillary carcinoma), Tis (carcinoma in situ), and T1 (tumor has invaded the subepithelial connective tissue) tumors. Tumors stage 2 and higher are muscle invasive. The likelihood of progression to invasive cancer is associated with the presence of more poorly differentiated cells and other histopathologic features. According to a 1998 World Health Organization and...
