

Growing to a Ripe Old Age: 50 Years in the Garden

Filesize: 5.55 MB

Reviews

It is one of my personal favorite books. It is written in easy terms and never hard to understand. It has been designed in an exceedingly easy way and it is only after I finished reading this publication by which in fact changed me, change the way I think.

(Lucinda Stiedemann)

GROWING TO A RIPE OLD AGE: 50 YEARS IN THE GARDEN

Summersdale Publishers. Hardback. Book Condition: new. BRAND NEW, Growing to a Ripe Old Age: 50 Years in the Garden, Edward Enfield, Gardens, in my view, often involve too much gardening. This is partly to do with the nature of human beings, who will make a competition out of anything if they possibly can. Edward Enfield has only ever had one garden, but his dealings with it have extended over half a century. He came to his threequarters of an acre knowing nothing about growing anything, and this book is an account of his horticultural successes and failures, inventions and frustrations, discoveries and developments. With wry humour, he leads us through the thorny subject of roses, counts the blessings of keeping chickens and exposes the perfidy of gardening copywriters, while offering wise and witty tips on how best to enjoy the fruits of your labour.
