BASIC RESEARCH IN INFORMATION SCIENCE AND TECHNOLOGY FOR AIR FORCE NEEDS

National Academies Press, United States, 2006. Paperback. Book Condition: New. New.. 229 x 152 mm. Language: English . Brand New Book. The U.S. Air Force is developing new force capabilities appropriate to an emerging array of threats. It is clear that advances in information science and technology (IST) are essential for most of these new capabilities. As a consequence, the Air Force is finding it necessary to refocus its IST basic research program to provide stronger support for reaching these...

Reviews

This pdf may be worth getting. It is actually written in straightforward words and not difficult to understand. You will not feel monotony at any moment of your respective time (that's what catalogs are for about should you request me).
