TRADING BASICS

Createspace, United States, 2013. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.Have You Ever Wanted To Learn How To Trade? Over 40 years ago I placed my first stock trade and my quest to learn how to trade in stocks began. Over the years I lost hundreds of thousands of dollars (I won't say the exact amount because looking back I am so mad at myself for being so stupid) as I blindly went from one investing/trading method to another. Frankly, I didn't have a clue about trading and finally got sick and tired of losing money so I started on a quest to learn how to trade stocks successfully. It wasn't easy and I have spent over \$50,000 on trading courses and software programs over the years but I stuck with it and now make a nice little income from my trading business. Trading Basics is the stuff I wish I would have known years ago and is comprised of the exact same advice I give to my family and friends that express an interest in learning how to trade. It is by no means the ultimate how to trade stocks book but I think you will agree that there is a lot of wisdom packed into it that can save you thousands as you learn how to be a trader. My Book Trading Basics For Free? In fact, I am going to make the purchase of my book a no-brainer because I am going to effectively give it to you FREE by giving you one of the juicy tips I talk about in my book!!! You see, when most people start trading stocks they open a brokerage account at one of...
