On July 5, 1895, five days after my term of service began a preliminary circular was issued in which the general plan of the organization of the University and of its work was given to the public. The following extracts from this circular relate to Buildings and Grounds, Courses of Study, Preparatory Department, and Tuition, Fees and School Terms. Buildings and Grounds. A commodious and well-arranged building is being fitted up for university purposes and will be ready for occupancy before the beginning of the college year. This building will contain lecture rooms, laboratories, library and reading room, and assembly room. The building is heated by steam and will be lighted throughout by electricity. It is located on the south side of the Missoula river and is easily reached, as there are good sidewalks extending to the university and the street cars pass within two squares of the grounds.
